

# STEAMIST®

Steam Diffuser

Model: SM-950

## Product Information – SM-950

**Material:** Lucite Acrylic

**Dimensions:** 5" H x 4.5" W x 3" D

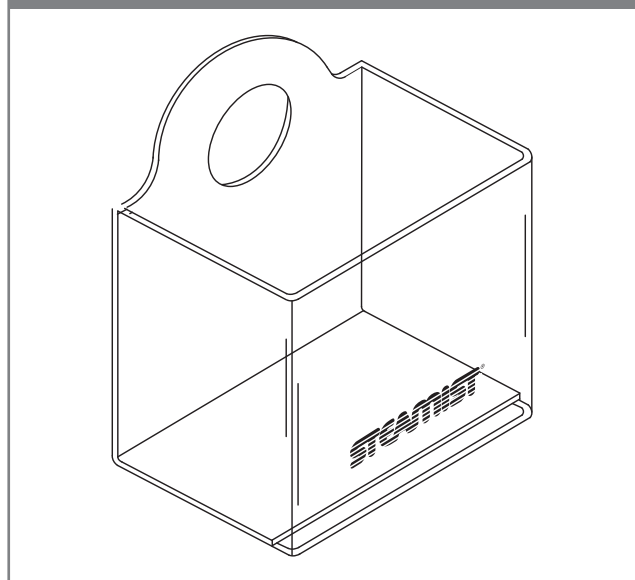

## Application Information

Strongly recommended in small shower enclosures such as 3' x 3' or 3' x 4' where bather can be close to the steam outlet. Also recommended for any size acrylic shower or when installation of steamhead is too close to the floor, creating hot spots or overheating sensation to bather.

**Product No. - Finish:**

002-2014 - Clear

SM-950

## Notes

### Installation Notes

Mounts on steam outlet pipe.

### Rough-in Notes

Steam pipe should protrude ½" from finished surface.  
Use only in conjunction with the hexagonal steamhead.
